Dr. CARPENTER,

Late of Maine, has purchased the residence and located permanently for Practice at

No. 15 Rollins St., Boston. (Leading from No. 1132 Washington St.)

Dr. C. devotes his time and attention exclusively to the scientific treatment and cure of

CHRONIC CATARRH, SCROFULA, and all diseases of the EYE, EAR, THROAT and LUNGS.

OFFICE HOURS, from 10 to 4.

SPECIAL NOTICE.—Previous to locating in Boston—with the exception of a few weeks' practise at Salem, Mass.—Dr. C. for the past six years, confined his practice to a few of the leading cities of Maine; but many and earnest solicitations, from sufferers in Massachusetts and neighboring States, induced him to locate permanently in Boston, which is so situated as to be easily reached from any portion of New England. The Testimonials attached are GENUINE and received NOT from a great distance, but from where they can be easily investigated, as the names and addresses are attached in full. Hundreds of others can be seen at Dr. C.'s residence.

Testimonial of David Bugbee, Esq., of Bangor.

[From the Bangor Whig.]

BANGOR, Feb. 18, 1870.

Being severely afflicted with Chronic Catarrh, I applied to Dr. Carpenter at the Bangor House, in March, 1868, and in justice to Dr. C., and that others may be benefited, I would inform those interested that a course of his treatment cured me of the complaint. No amount of money would induce me to remain in the condition I was in when I consulted the Doctor.

D. BUGBEE,
No. 5 Kenduskeag Bridge.

Testimonial of Rufus Smith, Esq., of Newburyport, Mass.

[From the Boston Journal.]

DR. CARPENTER—Dear Sir: Your treatment restored my hearing. My ears were diseased twenty years and had become very deaf indeed. I hear perfectly well now. RUFUS SMITH.

Newburyport, Mass., Jan. 10, 1870.

From the Gospel Banner, Augusta, Maine.

We learn that Dr. Carpenter, the well-known Oculist and Aurist, who has practised so successfully the past six years in this State, is about to locate permanently for practice in Boston. Persons troubled with blindness, deafness, or catarrh, will do well to consult him. We know him personally. He is a gentleman, is well read in his profession, is no humbug or deceiver, and will not as many do, tell the patient he can effect a cure without reasonable grounds for his declaration. He wrought many cures in this vicinity and essentially helped others who had suffered for years. This is written by the editor of the Banner without solicitatation from any one.

Testimonial of Mrs. Wyer, of Portland, Maine.

[From the Portland Press.]

I consulted Dr. Carpenter in 1866, having been blind a year and a half. Was confined to my room, my health and nervous system exhausted, and was completely discouraged, for six eminent physicians had pronounced me incurable; but Dr. Carpenter's remedies cured me PERMANENTLY. My sight was restored and remains good.

MRS. MARY E. WYER.
Middle St., Portland, Jan. 2, 1870.

Testimonial of an old and well-known Citizen of Ipswich, Mass.

DR. CARPENTER—My Dear Sir: The course of treatment prescribed by you at Salem proved highly successful. I had been afflicted with Catarrh many years, and had gradually become hard of hearing, and my deafness was increasing, but your remedies have cured my deafness. I can hear as well as before I had any trouble, and now I have very little trouble with Catarrh, and think that will soon be entirely cured. Am willing this should be made public, that others may be induced to employ you and become cured.

Very Respectfully, yours,
JOHN PINDER.

Ipswich, Mass., Dec. 19, 1869.

From "Boston Journal," January 1, 1870.

Our readers will notice that Dr. Carpenter, physician for catarrh and diseases of the eye, ear, throat and lungs, occupies our first page to-day with numerous evidences and proofs of his skill and success in practice, that must be convincing even to the most incredulous. Dr. C. is a new comer to Boston, having confined his practice during the past five years mostly to the principal cities and towns of Maine, where the climate is favorable to the contraction of the worst forms of those diseases to which he devotes his attention exclusively. We have examined the "Gospel Banner," of Augusta, the Bangor "Whig," the Portland "Press," and other equally reliable Maine papers, from whose columns these testimonials were copied, and have no doubt of their being genuine and reliable, as these papers testify that Dr. C. is a gentleman, a skilful physician, and that his testimonials are genuine, they being personally acquainted

Deafness, Blindness, Catarrh.

with persons whom he has cured after they have been pronounced incurable by other physicians.

Testimonial of Miss C. F. Cobb, of Augusta.

[From the Gospel Banner.]

I was afflicted with diseased eyes several years, and was fast losing my sight—could see to read or sew a few minutes at a time only — was unable to see across the room in the evening, and my eyes were much inflamed. All I doctored for them was of no benefit, until, by the advice of friends, I consulted Dr. Carpenter, in July, 1867. A course of his treatment cured them perfectly. I have had no return of the disease, and can now see as well as ever. C. F. COBB.

Augusta, March 12, 1869.

Testimonial of Hon. Z. Collins, of Union, Me.

DR. CARPENTER,—Dear Sir: Learning you are in Boston, I write for the purpose of informing you that the hearing of my son, Leroy Z. Collins, remains perfectly good. In March, 1865, you cured him of deafness of fifteen years standing, which had increased to that extent that he was obliged to leave his studies and went to a trade. He has resumed his studies, which, without your assistance he never could have done. May you live long, prosper in your profession, and especially cause the deaf to hear, is the desire of

Yours, very gratefully,
Z. COLLINS.

Testimonial of Mr. B. F. Dennis, of Salem, Mass.

[From the Salem Gazette.]

TO THE PUBLIC.—As a testimonial to the skill of Dr. Carpenter, I would inform those interested, that in the year 1864, I placed my son Frank under his care for a dangerous and disagreeable chronic disease of the head, that he had long suffered from, and which had impaired both his health and hearing. But I rejoice to say Dr. Carpenter's remedies performed a perfect and permanent cure, he having had no return of the disease. The above, with a personal knowledge of many other cures performed, have inspired me with confidence in Dr. C.'s skill; and I would recommend my friends and the public, who may be in need of medical treatment to apply to him at once. B. F. DENNIS.

Salem, Mass., March 1, 1870.

☞ Mr. Dennis is a well-known Piano Forte Tuner, and can be seen by those interested, at the Book and Music Store of D. B. BROOKS & Bros., Essex Street.

Testimonial of W. F. Morrill, Esq., of Portland.

[From the Portland Press.]

I suffered from discharge of the ear thirty-four years, but I placed myself under Dr. Carpenter's care in 1865, and after applying his remedies two months, my ear was cured and remains so.

W. F. MORRILL,
Cor. Congress and Exchange sts.

Portland, Me., Jan. 2, 1870.

Testimonial of A. R. Greenough, Esq., Prop. National Hotel, Bangor, Maine.

[From the Bangor Whig.]

Dr. Carpenter cured me of Catarrh that was so severe as to threaten to speedily put an end to my existence, in the year 1865, and I remain cured to this date. Would recommend him to all similar sufferers.

Bangor, Me., March 5, 1870.

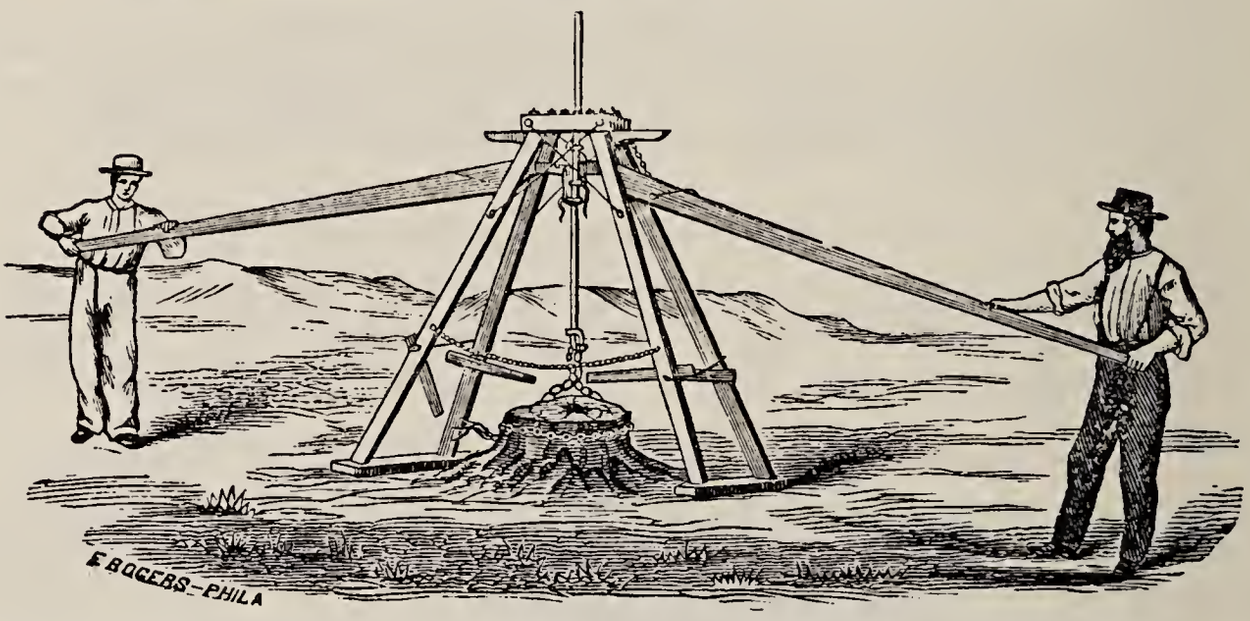
CHARLES H. BOYNTON,

GLOUCESTER,

Sole Proprietor for Essex County, Mass.



Invented and Manufactured by George W. Pressey, Hammonton, N. J. Patented Oct. 8th, 1867.

This is a Lever Machine, and can be made of any required Strength or Size.

The following are some of its advantages:

1st. **Great Power.**—Two men being sufficient to raise 25,000 lbs.

2d. **Portability.**—Weighing only 255 lbs. and fitted with handles, so that two men can easily move it from one stump to another.

3d. **Quick Action.**—The pawls being made to bite and hold on a smooth bar at any point, saving any lost motion that would occur in all ratchet machines.

4th. **It Works** almost without friction, the levers working like a steelyard beam, and the lifting bar sliding loosely through the top, so that every pound applied draws directly in the work.

5th. **Simplicity.**—The work is all so plain and easy that any common mechanic can make or mend any part of it.

6th. **Durability.**—There is no wear except on the lever bolts, and they, if properly oiled, will last a long time; the lifting bar will by use become hard and smooth like a bar of steel and remain so forever.

7th. **The Price** comes within the reach of every farmer who has stumps to pull or rocks to dig. The small size machine with grapples complete and ready for work, strong enough to raise 25,000 lbs., light enough to be moved easily by two men, with action quick enough to pull ONE HUNDRED stumps per day, can be had at the low price of ***Sixty-Five Dollars.*** The next size worked by three men will raise 35,000 lbs., weighs 300 lbs., and costs ***Eighty-Five Dollars.*** The largest size, worked by four men, will raise 50,000 lbs., weighs 450 lbs., and costs ***One Hundred and Ten Dollars.***

MANUFACTURERS AND IMPORTERS OF

Surgical & Dental INSTRUMENTS,

Besides a complete assortment of articles intended for the exclusive use of the Medical and Dental professions, have always in store, at the lowest prices, a great variety of the following articles, suited to the wants of the general public:—

TRUSSES.

A large assortment of best patterns from which to select, to meet the requirements of each case. If convenient, persons requiring Trusses should call at our establishment, where they can have a suitable Truss carefully fitted by a competent and experienced person familiar with the anatomy of hernia. When a call in person is impracticable, a careful description should be sent, stating whether the rupture is on the right or left side; also the measure around the person, two inches below the top of the hip bone. If the rupture is at the navel, the measure should be around the body at the navel. **N. B.**—Ladies attended by those of their own sex.

ELASTIC HOSE,

For Varicose Veins, Swollen Limbs, and Weak Joints. Of these goods we have several classes of silk and cotton, possessing different degrees of elasticity, the stout silk being usually the most satisfactory. The sizes are full length (of leg), three quarters, half or knee hose, knee caps, and anklets. Unusual sizes made to order. Also,

Elastic and Spring Abdominal Supporters, Shoulder Braces, Suspensory Bandages, Apparatus for Weak Ankles, Bow-Legs, Club Feet, &c. Also Crutches of various and most improved kinds; Syringes, Rubber Urinals, to wear on the person day or night, for Males and Females; Galvanic Batteries, Hearing Trumpets, Auricles and Conversation Tubes for the Deaf,

Together with many other articles for the use of the SICK and INVALIDS. Also, the largest and best assortment of

Atomizers and Nasal Douche,

To be found in the United States. A GOLD MEDAL has lately been awarded us by the Middlesex Mechanics Association, as will be seen from the following report, signed by a leading New England Surgeon and Physician:—

"1503. CODMAN & SHURTLEFF, Boston, Mass. One Case Surgical Instruments and Atomizers.

"The Committee have no hesitation in awarding for this superb exhibition, the highest premium. * * * The various other instruments for inhalation of atomized liquids, and for Local Anæsthesia, were all apparently faultless, both in design and workmanship. The exhibitors are regarded as more especially deserving of the highest token of merit for having produced nothing except their own manufacture. GOLD MEDAL. (Signed), GILMAN KIMBALL, M. D., Chairman."

BAYSIDE LIQUID SOAP

For your own sake, read the following:

We sell the only perfectly pure Soap in the world! Nonsense! you reply. But is it nonsense? Let us see. Our Soap is a liquid Soap. Every drop of it is soap, and nothing but soap. You can't make a solid soap without putting in "filling." Many solid soaps are "filled" with rosin. Buy a piece of rosin, and see how much cleansing power it has. None at all; you'll soon find that out. Reduce your bar soap to a liquid, take out the filling and other adulterations, and how much pure soap is left? Mighty little you'll find.

Now our Soap is a LIQUID, and that means a good deal. Thus, your bar-soap you have to rub, rub, rub, into the cloth, and then rub, rub, rub, out again; and you can't rub it all out either. Our LIQUID silently permeates the cloth, and is working away while you are asleep, and all you do to take it out is to rinse the cloth in clean water. Does it injure the fabric? Not one bit. Try this test; certainly a severe one: Take an eighth of a yard of bleached or unbleached cotton; cut it in halves; soak one half in a bottle of the liquid ten times the strength used in washing, and the other half in a bottle of pure water, each for a week, and see if you can find any more harm done to the piece soaked in the liquid of fourfold strength than to that soaked in the pure water. If you can, please notify us at once, as we are vitally interested in the discovery. For the reason stated, viz., that this soap is in a fluid state, it is the best known for all toilet purposes. Try it in a bath and you will find a new pleasure in bathing. Try it as a shampoo. In fact use it wherever you require a cleanser, and your only regret will be that you have been so long without it.
